Period for Reply -- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-18, 20, and 25-29 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites the limitation "the leg plate" and "the other of the leg plates" on line 22. There is insufficient antecedent basis for these limitations in the claim.

Claim 1 recites the limitation "said one leg plate" on line 23. There is insufficient antecedent basis for this limitation in the claim. There is more than one previous occurrence of "one leg plate".

Claims 8-14 do not read on the embodiment that parent claim 1 reads on. Claims 8-14 read only on the Figs. 6 and 7 embodiment due to the recitation in claim 8, lines 7-9 that the clutch side rotating member is attachable and detachable and the recitation in claim 9 that a rotating ratio of the output shaft side rotating member in relation to the clutch side rotating member is changeable. Claim 1 reads only on the Fig. 1 embodiment due to the language of lines 19-24.

Claim 20 recites the limitation "the leg plate" and "the other of the leg plates" on line 23. There is insufficient antecedent basis for these limitations in the claim.

Claim 20 recites the limitation "said one leg plate" on line 25. There is insufficient antecedent basis for this limitation in the claim.

Claims 25 and 26 appear to be inaccurate since the spiral spring appears to be connected to a casing directly connected to the one leg plate rather than the other leg plate.

Claim 27, line 1, appears to be inaccurate. It appears that "one leg plate" should be --said other leg plate--.

The spiral spring of claim 27, line 4 was previously claimed.

Allowable Subject Matter

Claims 1-18, 20, and 25-29 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. The new grounds of rejection were necessitated by the changes to claim 1, lines 18-24 and claim 20, lines 18-26 and by the addition of claims 25-27. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
